

Para mostrar los datos de las personas que sean de sexo femenino y que hayan nacido después del año 2000 usamos lo siguiente

The screenshot shows a SQL query editor interface. At the top, there is a toolbar with various icons for file operations, execution, and search. Below the toolbar, the query text is displayed: `1 • SELECT * FROM familia WHERE sexo = 'femenino' AND fecha_nacimiento > '2000-01-01';`. The text is color-coded: `SELECT` is blue, `*` is black, `FROM` is blue, `familia` is black, `WHERE` is blue, `sexo` is black, `=` is black, `'femenino'` is orange, `AND` is blue, `fecha_nacimiento` is black, `>` is black, and `'2000-01-01'` is orange. The query is followed by a semicolon.

```
1 • SELECT * FROM familia WHERE sexo = 'femenino' AND fecha_nacimiento > '2000-01-01';
```
